

ChooseHome Member Referral Reward Program

ChooseHome continues to grow thanks to Members like you—people who share their stories and help others discover the security and support our program provides.

Why Your Referrals Matter

Many individuals wait too long before exploring programs like ChooseHome, and unfortunately, health changes can affect eligibility. Your referral can make a meaningful difference—helping friends and neighbors learn about ChooseHome now, while they can fully benefit from all it offers.

Our goals are simple:

- **Grow the program** so more people can benefit.
- **Reward our Members** for spreading the word.
- **Encourage early enrollment**—before health changes make joining difficult.

Our Thank You to You

When someone you refer joins ChooseHome, you'll receive:

- **\$700 Member Credit** for each new **Insured Plan Member**
- **\$200 Member Credit** for each new **Care Coordination Plan Member**

How to Register a Referral

To make sure you receive credit, simply share your referral's contact information with your:

- **Personal Services Coordinator**, or
- **Senior Consultant, Liz Sarson**

(You can also use the Member Referral Form in your handbook.)

Together, We Grow

Your referrals are the heart of ChooseHome's continued success. They help us welcome new Members, strengthen our community, and keep the overall program strong.

Thank you for sharing ChooseHome—and for being an essential part of our growth.
