

Guidelines and Procedures

for visiting patients with COVID-19 or suspected of having COVID-19

Visitation is limited to one person at a time.

BEFORE ENTERING a patient room:

- Put on the following in this order:
 - Gown
 - Procedure mask
 - Goggles or face shield
- Check with the care team before entering the room

WHILE IN a patient room:

- Personal protective equipment (PPE) must remain in place at all times
- Visitors are not allowed to eat or drink while in a patient room

BEFORE LEAVING a patient room:

- Remove and dispose your:
 - Gown
 - Procedure mask
 - Goggles or face shield

REMINDER - you must wear a face mask covering your nose and mouth at all times during your visit.

AFTER LEAVING a patient room:

- Perform hand hygiene with hand sanitizer or soap and water
- Put on a new face mask
- Exit the facility directly. **DO NOT** make any stops or visit any other patients.

These guidelines are to be followed regardless of vaccination status.

Your health and safety *are always our priority.*
