

**EVEN<sup>TM</sup>up**

**The Authentic Shoe Balancer**

- The EVENup fits best with a regular profile athletic shoe without a wide, thick, high heel. Please review the Size Chart and Sizing Tips to ensure you purchase the correct size.
- The Authentic EVENup Shoe Balancer / Leveler includes an improved Version 2 design.
- Provides three height adjustments versus other products that may only provide one.
- Shoe balancer helps with the gait discrepancy caused by wearing a walking boot.
- Helps prevent back, hip and knee pain when wearing a walking boot.
- Provides three height adjustments, which includes 1/2", 3/4" or 1 1/4".
- Can be used on the left or right foot. Make sure you get the black one with a teal bottom which is the authentic EVENup.
- Designed by physicians, used by millions of EVENup customers.
